

THE ADVENTURES

■ of Nate & Emmy ■

Volume: 4 | March , 2017

Dear Friends and Supporters,

Thank you so very much for your generous support of our ministries here at RGBM. We greatly appreciate the sacrifices that you have made to help us do our part in enabling the training of Christ-centered leaders with a biblical worldview for the global church.

As you are aware, the Lord has directed us to temporarily move to the Caribbean on April 26th, 2017 to begin Nathan's medical studies. Our long-term goal is to use his medical abilities to open doors for the Gospel: to reach into restricted-access, or hard-to-reach areas of the world, through RGBM. Rio Grande is accustomed to allowing staff members to remain as staff while furthering their education to bolster their part of ministry. While Nathan will be largely removed from his current ministry in Koinonia, Emily will continue in her ministry part-time. In September 2016, Emily's department went through a database changeover. A large amount of her responsibilities are now based online, and although at the time we did not know the exact extent of that decision, the Lord arranged it so that she can continue serving in her position regardless of her geographic location.

In a recent board meeting, it was clarified that since Emily's role is heavily involved in raising support for RGBM, that it is deemed a conflict of interest to also be raising personal financial support. You are welcome to indirectly support us through giving to the general fund. We would also be happy to direct you to fellow staff members who are still needing financial support if you would prefer that option as well. As a ministry family, we are still seeking committed prayer partners who will faithfully bring us before the throne of grace monthly, weekly, or daily and ask that you prayerfully consider such a commitment.

Please let us know what you decide.
Thank you again for your prayerful consideration!

Blessings,

Nathan & Emily Windle
